

G-Energy Expert L 5W-30

Адаптивна технология

Всесезонно използване

Двигателно масло

Бензинови и дизелови двигатели

Двигатели с удължен пробег-работни моточасове

Полусинтетично масло

Description

G-Energy Expert L 5W-30 is an engine oil designed for maximum protection of gasoline and diesel car engines with extended mileage, operating in different operating conditions. Maintains the pressure in the lubrication system, guarantees reliable engine operation and has high resistance to variable quality fuels (with sulfur content up to 500 ppm).

Advantages

The adaptive technology of G-Energy Expert L 5W-30 guarantees efficient operation of the engine in all operating modes: in cold start, in urban and extra-urban (highway) conditions, as well as at high load.

	Maintains the cleanliness of the engine parts by preventing deposits on them.
	Confidence in engine protection even when using variable quality fuels at the expense of alkaline number reserves.
	Provides normal oil pressure in the lubrication systems of long-range engines.
	Reduces the likelihood of leakage due to its compatibility with the materials used in the seals.

Application

Physico-chemical characteristics

Indicator	Method	G-Energy Expert L 5W-30
Kinematic Viscosity at 100 °C, mm ² /s at 40 °C, mm ² /s	ASTM D 445 ASTM D 445	11.4 69.2
Flash Point (COC), °C	ASTM D 92	229
Pour Point, °C	ГОСТ 20287	-41
Total Base Number, mg KOH/g	ГОСТ 11362	9.7
Density at 15 °C, kg/m ³	ASTM D 4052	860
Viscosity Index	ASTM D 2270	159

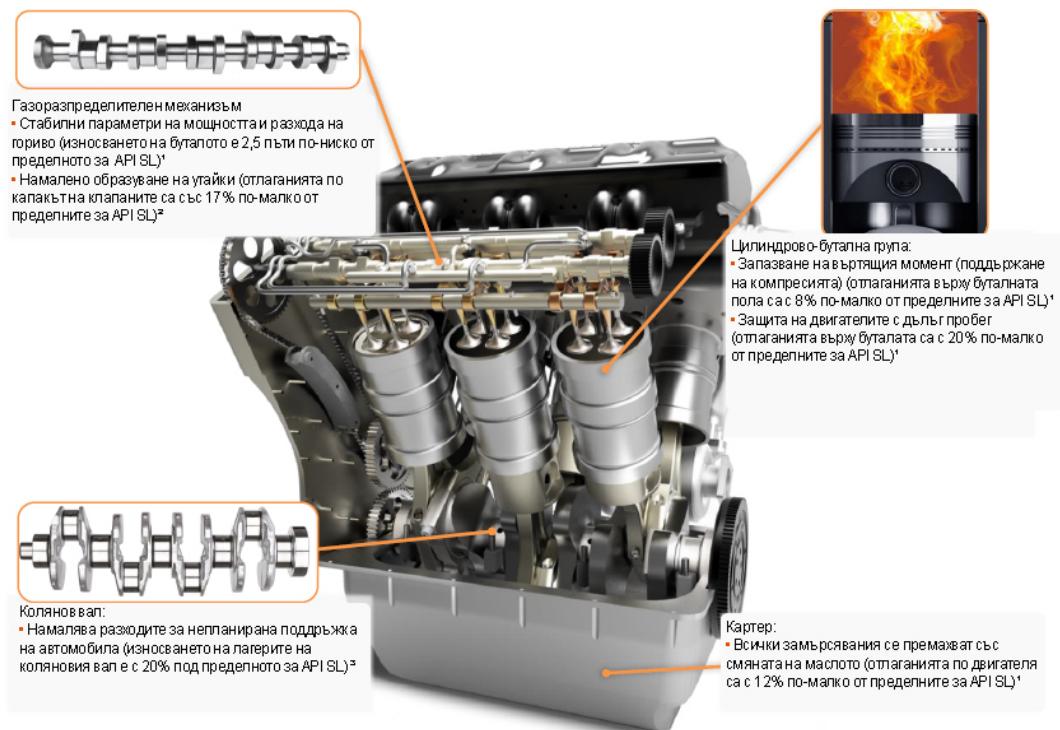

Approvals

- ПАО «АВТОВАЗ»
